:- Lab Task - 1 :-

:- Task : 1 -

Run the following program - and check the output :-

```
#include <iostream>
using namespace std;
int main()
{
  cout << "Hellow world" << endl;
  system("pause");
  return 0;
}
```

output

```
Hello - world:
program finished.
```

Scanned with CamScanner

Task : 2

•) Write the c++ program that print the following lines.

•) You are 10 years old

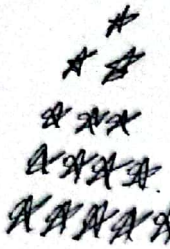

•) You are too young to play the game.

```
#include <iostream>.
using namespace std;
int main ()
{
cout << "you are 10 year old:" << endl;
cout << "you are too young to play the game:" <<
        endl;
return 0;
}
```

Task:3

•) write the program that print the astrich pattren as shown.

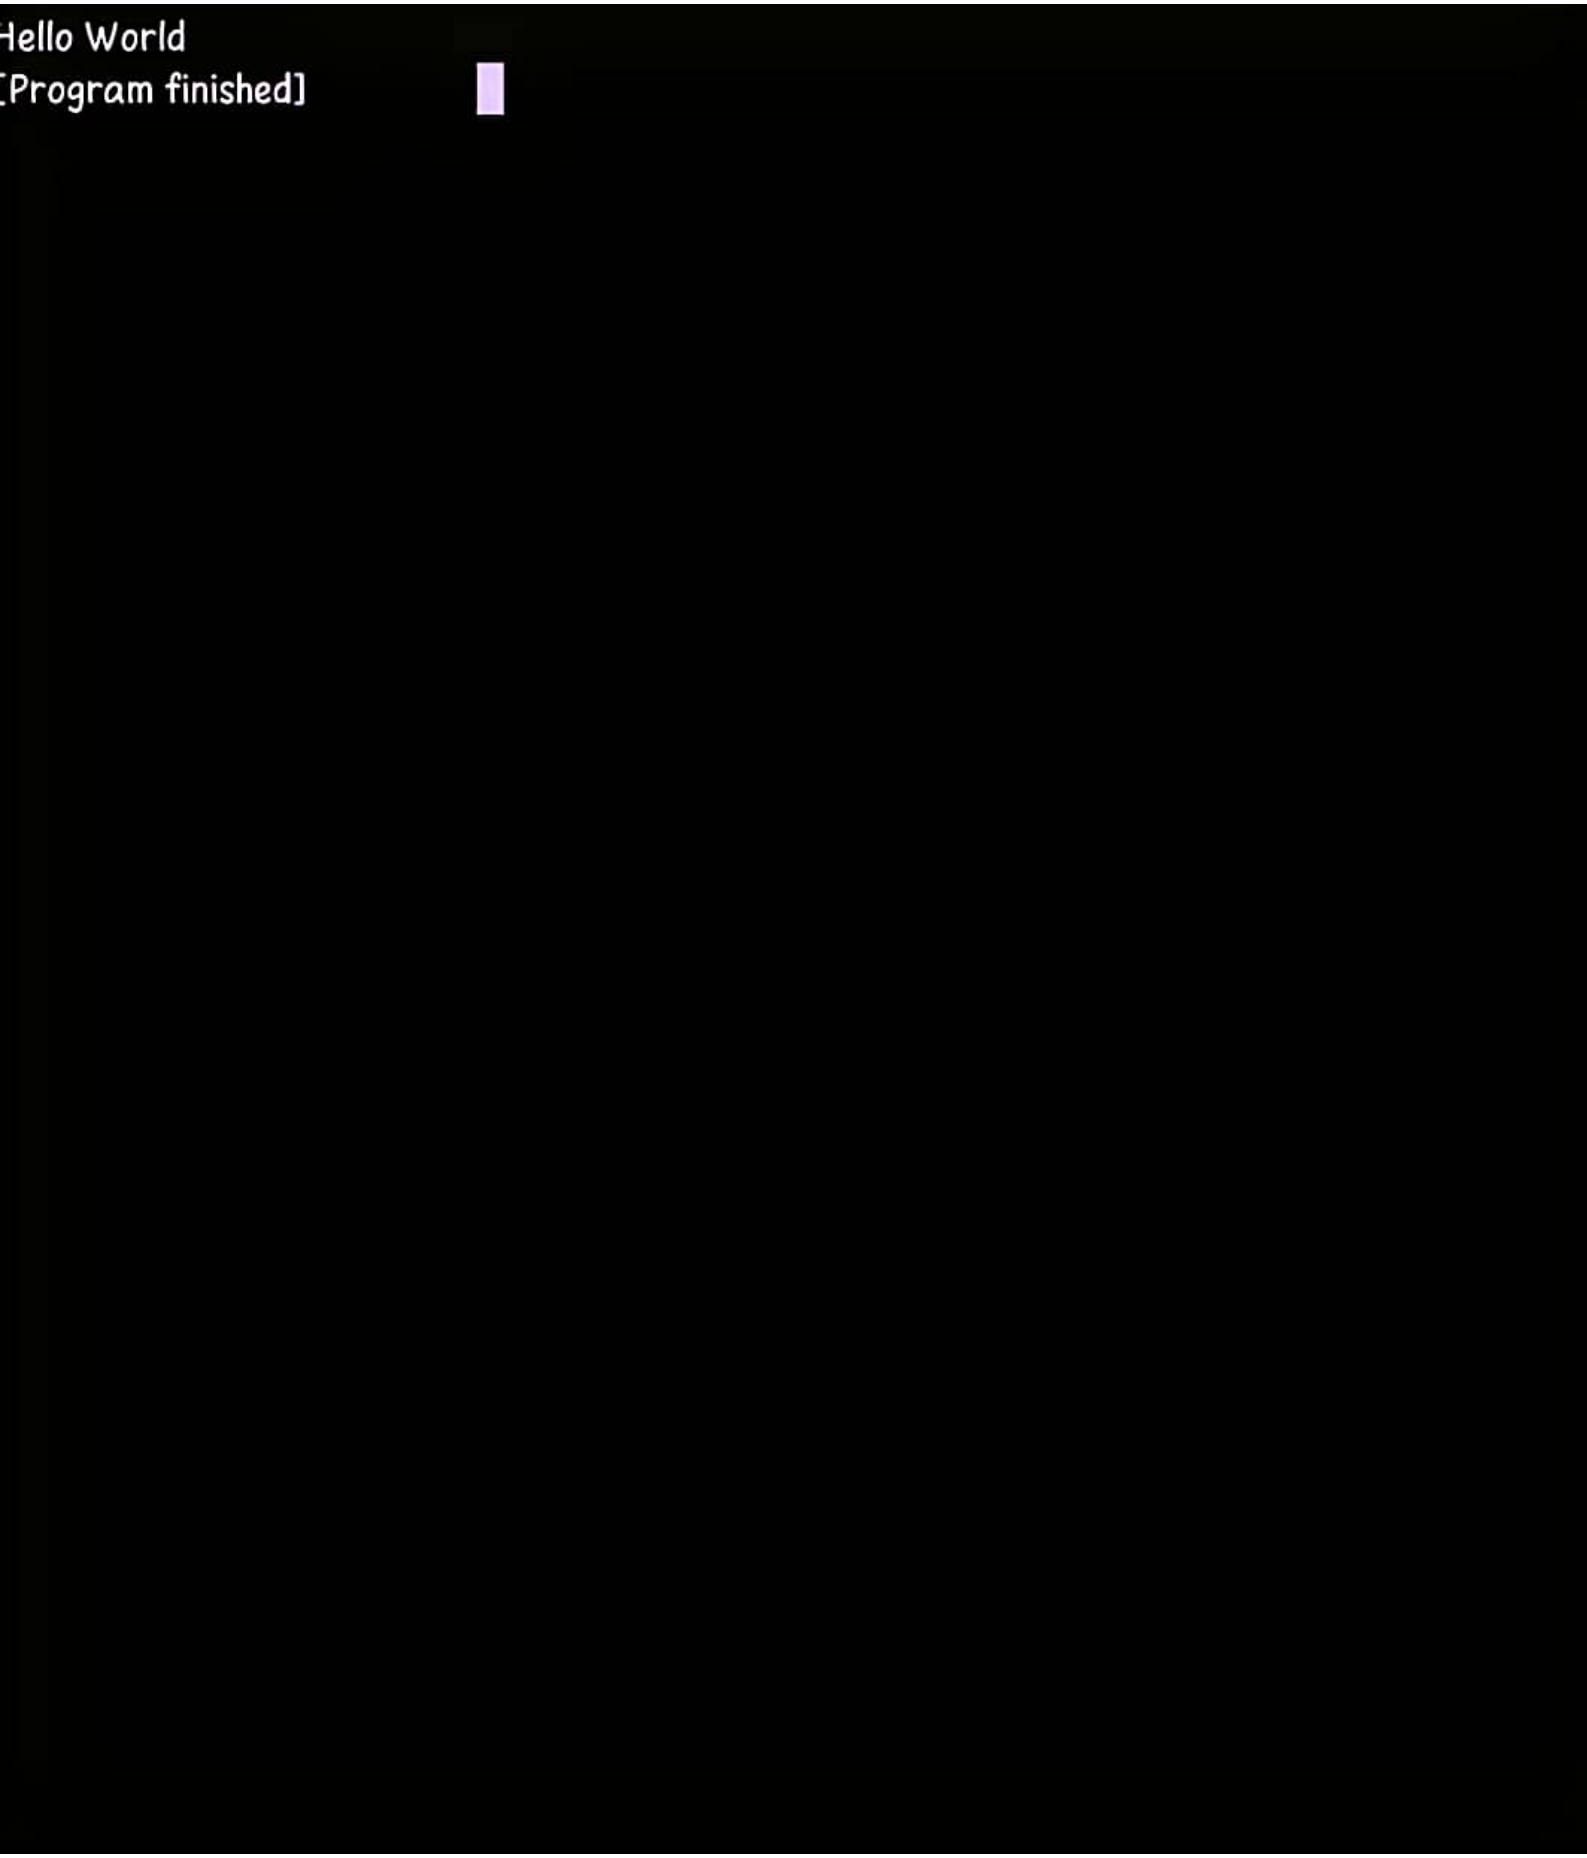

```
#include<iostream>
using namespace std;
int main()
{
  cout<<"*"<<endl;
  cout<<"**"<<endl;
  cout<<"***"<<endl;
  cout<<"****"<<endl;
  cout<<"*****"<<endl;
  return 0;
}
```
